REMARKS AFTER NOTICE OF ALLOWANCE

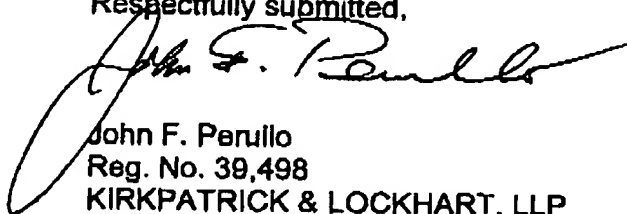

Sir:

Attached are two articles that were previously cited in an IDS filed on December 5, 2003, in the above-identified application. Because the two articles were previously cited in a parent application, additional copies of the articles were not provided in that IDS. Accompanying the notice of allowance mailed December 16, 2003, were copies of the 1449 form filed with our December 5, 2003, IDS indicating that the two articles were not considered. Additionally, a handwritten note on the 1449 form indicated that the references were "not in the file". Applicants maintain that the references were previously provided to the Patent Office and should be in the file. If the references have become lost from the file, applicants should not be penalized by being required to file

BOS-654798 v1 0506850-0123

an RCE with an IDS citing the references again now that a notice of allowance has been issued for the application. Applicants request consideration of the two articles in the current application prior to issuance of the patent so that the references will be cited on the face of the issued patent.

Respectfully submitted,

John F. Perullo
